

REMARKS

[0005] Applicant respectfully requests reconsideration and allowance of all of the claims of the application. The status of the claims is as follows:

- Claims 1, 2, 4-15 and 47-58 are currently pending;
- Claims 3 and 16 are canceled herein; and
- Claims 1, 2, 4-12, 14, 15, and 48-58 are amended herein.

Claim Amendments

[0006] Without conceding the propriety of the rejections herein and in the interest of expediting prosecution, Applicant amends claims 1, 2, 4-12, 14, 15, and 48-58 herein. These amendments are fully supported by the Application and are made to expedite prosecution. These amendments are merely intended to highlight the claimed features, and should not be construed as further limiting the claimed invention in response to the cited references.

Allowed Claims

[0007] The Office Action indicates that claims 47 and 48 are allowable. Applicant would like to thank the Examiner for allowing claims 47 and 48. Claim 47 has not been amended herein, and therefore remains in condition for allowance. Preamble of claim 48 is amended to recite “the server as defined in claim 47.” Since claim 48 is dependent upon claim 47, Applicant respectfully submits that claim 48 remains allowable for at least depending upon an allowed independent claim.

Claims 1, 2 and 4-15 comply with 35 U.S.C. § 112 second paragraph

[0008] Claims 1-16 stand rejected under 35 U.S.C. § 112, second paragraph as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Applicant respectfully traverses the rejection.

[0009] However, in the purpose of expediting prosecution of the instant Application, Applicant amends claims 1, 2 and 4-15. Claims 3 and 16 are cancelled herein.

[00010] During the Examiner interview, Applicant’s representative discussed the claim amendments with the Examiner. Applicant’s representative understood the Examiner to concur that the amendments to claims 1, 2 and 4-15 would overcome the pending rejection under 35 U.S.C. § 112, second paragraph. Thus, in light of the claim amendments herein, Applicant respectfully requests withdrawal of the above rejection.

Claims 49-58 comply with 35 U.S.C. § 101

[00011] Claims 49-58 stand rejected under 35 U.S.C. § 101. Applicant respectfully traverses the rejection.

[00012] However, in the purpose of expediting prosecution of the instant Application, Applicant amends claims 49-58 herein.

[00013] During the Examiner interview, Applicant's representative discussed the claim amendments with the Examiner. Applicant's representative understood the Examiner to concur that the amendments to claims 49-58 would overcome the pending rejection under 35 U.S.C. § 101. Thus, in light of the claim amendments herein, Applicant respectfully requests withdrawal of the above rejection.

Conclusion

[00014] Applicant respectfully requests reconsideration and prompt issuance of the application. If any issues remain that prevent issuance of this application, the Examiner is urged to contact the undersigned representative for the Applicant before issuing a subsequent Action.

Respectfully Submitted,

Lee & Hayes, PLLC
